SCANDAL ON BORACAY

Sun, sea, sand, but no sex

Melo corrects Palace

By James G. Reyes Jr.

MANILA, Feb. 9 (AP) — The sun, sea, sand and sex were the main attractions of Boracay, a popular beach resort in the Philippines, but a recent scandal involving a high-ranking government official has tarnished its reputation.

It was not until the scandal broke that the island's reputation as a premier vacation spot was threatened. The scandal involved a high-ranking government official who was accused of having a sexual relationship with a local woman.

Palace denies affair

The official's family and the palace have both denied the allegations. The official's family said that the woman was a minor and that the relationship was consensual.

The scandal has caused a significant drop in tourism to Boracay. Many visitors have been deterred by the news of the scandal.

London, July 10 (AP) — A group of about 100 people gathered in London today to protest against the British government's policy on the Falkland Islands.
